- Oversee and contribute to the following:
  - Development, review and maintenance of training materials
  - Analysis and response to change requests
- Act as the central coordinator for all training activities that support Air Combat training.
- Maintain close liaison with key stakeholders both internally and externally to ensure training management services align with client systems and expectations
- Contribute to training scenario and syllabus development
- Design, coordination and delivery of internal training
- Occasional travel to other Australian Defence locations (eg: RAAF bases Amberley and Tindal)

### **Essential background and skills:**

- Experience in military operational training disciplines
- Australian Defence NV1 clearance or ability to meet this requirement
- Highly proficient with Microsoft Office suite

### **Desirable background and skills:**

- Certificate IV or diploma in Training and Assessment, or similar
- Competence and experience with graphic design and editing
- Previous domain experience in the RAAF training environment

### **As part of the Milskil Team you will be able to demonstrate that you are:**

- able to work harmoniously within a small, highly skilled and diverse team
- ability to operate in a high achieving work environment
- willing to embrace change

Milskil provides peak technical training solutions into the most challenging professional domains. Our success and capabilities hinge on our ability to attract and retain the highest quality staff for long term employment. We provide highly competitive remuneration and benefits to bring the best people to our team.

Nationwide applicants should apply – a generous package for relocation into the Williamstown region will be available for suitable candidates.
